

MKFVA – no dust, no fumes – the midsize preliminary separator

- For the preliminary separation of large dust volumes.
- Compact dimensions.
- High filter capacity, additional capacity easily implementable if required.
- Special clamping system optimises seal tightness.
- Operator and maintenance friendly

Extraction unit	A	B	C	D	E	F	H
MKFVA102	415	11000	230/50-60	1,30	65	700x660x1450	LED
MKFVA103	320	12500	230/50-60	1,20	64	700x660x1450	LED
MKFVA08	450					660x550x1560	Display
MKFVA10/11	450					660x550x1560	Display

A Air Volume max. (m³/h)	D Power Input (kW)	G Weight w/o Filters (kg)
B Vacuum max. (Pa)	E Sound Pressure Level 1m (dBA)	H Control Board (LED/Display)
C Supply Voltage (V/Hz)	F Dimensions (mm)	

Applications:

- Welding lasers
- Cutting lasers
- Central extraction
