

TKFVA – preliminary separator in a compact size

- For the preliminary separation of large dust volumes.
- Extremely compact.
- High filter capacity, additional capacity rapidly implementable if required.
- Special clamping system optimises seal tightness.
- Operator and maintenance friendly

Extraction unit	A	B	C	D	E	F	H
TKFVA103	280	7700	230/50-60	0,55	62	750x400x1205	LED
TKFVA108	200	21000	230/50-60	0,95	62	750x400x1205	LED

A Air Volume max. (m³/h)
B Vacuum max. (Pa)
C Supply Voltage (V/Hz)

D Power Input (kW)
E Sound Pressure Level 1m (dBA)
F Dimensions (mm)

G Weight w/o Filters (kg)
H Control Board (LED/Display)

Applications:

- Small welding, cutting and marking lasers
- for dry fumes from metal processing
